Summary

Versatile and motivated engineering student with a Diploma in Mechanical Engineering and currently pursuing a Bachelor's in Computer Science. Certified in C, Python, Android app, and web development, with active project work in Machine Learning. Combines practical mechanical engineering insight with emerging software skills to build intelligent, efficient solutions. Eager to contribute to real-world applications of ML and full-stack technologies.

Skill Highlights

- Project management
- Python programmer
- Complex problem solver
- Quick learner
- Creative design
- Innovative
- Web Development

Experience

BALC, Rajajinagar, Bengaluru(Mar 2023 – Aug 2023)

- Completed hands-on training in Python and C programming.
- Solved algorithm-based problems to strengthen coding logic

Android & Web Development Intern at Golden Bird Education ()(Feb 2025 – May 2025)

- Developed user interfaces using Android Studio and basic front-end tools.
- Built sample projects integrating HTML, CSS, and JavaScript.
- Understood mobile app workflow and deployment fundamentals.

Social Media Executive (Digital Marketing)GTTC (Govt. Tool Room and Training Center), Hubli(Dec 2022 – Jan 2023)

- Managed and scheduled content for multiple social media platforms.
- Assisted in planning digital marketing strategies and audience engagement.
- Gained hands-on exposure to digital tools and marketing analytics.

Design Intern – Lathe & CNC Cutting Operations

Vijayalaxmi Gears, Hubli(Feb 2022 – Mar 2022)

- Assisted in mechanical design and manufacturing using CNC and lathe machines.
- Learned practical applications of mechanical engineering principles.
- Supported the team in maintaining quality and precision during operations.

Education

Bachelor of Science:- Computer Science and engineering

SMVITM , BANTAKAL

Diploma in Mechanical engineering

KLE'S C.I.M POLYTECHNIC ,HUBLI

SCHOOL:-KENDRIYA VIDYALAYA NO.2 HUBLI

Certifications

Programming language:- Python, C HTML, CSS, JavaScript **Digital**

Marketing: Social Media Marketing, **Mechanical Training:** Lathe and CNC Machine Operations
